

8 May, 1955

Mr. Philip Knowles,
Operations Manager,
College Radio Corporation
14 West 45th Street,
New York 36, N. Y.

Dear Mr. Knowles,

It should seem obvious that there is no way of making "good" for the other 20 announcements since WSRN has not yet returned to the air. What has happened to the many college radio stations this spring is of course very unfortunate, and I am sure that each station tries to get back on the air as soon as possible. The moves that have to be taken require much money and intelligent planning of repairs so that future operators of the radio stations donot have the same difficulties. WSRN will return to its regular broadcasting schedule about September 12, 1955.

Sincerely,

Judith M. Shimansky
Station Manager, WSRN
